No. 30

The Art of Spending

Getting the most for your money and conquering the tendency to spend for trifles is possible only through practice and self discipline.

When possible avoid the habit of buying on credit. A good rule is "Pay as you go." Think twice and challenge the necessity of every expenditure.

"Double your Savings; It CAN be Done."

NOTICE OF SALE

Notice is hereby given under Section 45 of the Domestic Animals Act (Municipalities) that one bay mare, white face, three white legs, branded on left shoulder, was impounded by the pound kept by Geo. Metz, located on the S. W. 1/4 Sec. 24, T. 31, R. 27, W. 4, on the 11th day of June, 1923, and that said animal was sold on the 27th day of June, 1923, to Chris Elmer of Didsbury, Alta., and that said animal may be redeemed by the owner or on his behalf within a period of thirty days from the publication of this notice in The Alberta Gazette, upon payment of all fees and costs due to the municipality and the purchaser of said animal.

For information apply to the undersigned.

A. BRUSO, Secretary-Treasurer, Municipal District of Mountain View No. 319, Didsbury, Alta. 1923

SOME COLD WEATHER HERE

Since Saturday Didsbury has experienced some very cool weather accompanied by showers of rain and on the roads are in a muddy condition, holding up the tourist traffic considerably.

The Calgary Herald on Tuesday gives the following report and also states that considerable grain has been flattened which is doubtful to come up.

Schedule Games Finished

Secretary E. E. Freeman of the Rosebud League sent in his resignation last week on account of the discord in the southern section. Carstairs and Crosefield seem to be trying to freeze Aldridge out of the league and are causing considerable trouble. As Mr. Freeman says, he was quite willing to act as Secretary but did not intend to be referee of a fight.

Mr. Freeman has been a most efficient Secretary and the league will find a task in getting one as satisfactory.

On Friday evening the baseball team went to Innisfail to play off their last schedule game in this series. Quite a few fans taking advantage of the good roads and weather, also motored up.

A very good game was played by both teams and although some of the decisions given by the referee were rather wild he was at least impartial. In the first inning Innisfail scored three runs and from then till the ninth inning were completely shut out. In the ninth they made an attempt to come up but only brought in two runs. Didsbury played a much more consistent game bringing in runs in several different innings. The game ended with a score of 9-5 in Didsbury's favor.

Cecil is getting back to old form

The boys all played well and there were several extra good plays, chief among these being a catch by A. Dawson in the outfield of a soaring fly. Cecil Snider pitched the entire game and is getting back a little into his old form.

A. Dawson says they're easy for him

This will bring Didsbury out fairly well to the top of this section of the league, exact standing cannot be determined however as there are four games to be played between Olds and Innisfail yet, and the only case in which Didsbury will be left out is in the event of either of those teams winning the four games, which it is not at all probable they will do.

AROUND THE TOWN

Mr. J. Boorman returned from his holidays at Lacombe on Monday.

Miss Margaret Currie was a visitor in Carstairs this week.

Mrs. A. Campbell and family are spending their holidays at Sylvan Lake.

Miss Jean Russell who has been visiting friends at Cochrane, returned home this week.

Mr. N. S. Clarke is in Calgary attending the big gathering there which is being addressed by Aaron Sapot on co-operative marketing.

Quite a number of Didsbury tourists to Sylvan Lake returned home on Tuesday, leaving their cars there on account of the bad roads.

Mrs. G. Durant, of Carstairs, accompanied by her daughter Irene and sister Miss N. M. Johnson were visitors in town on Tuesday.

Miss K. Wolfe, who has occupied the position of stenographer for the law firm of Freeman and Austin, has resigned and left for Calgary where she intends to work in future.

Mr. and Mrs. W. G. Liesemer and daughter Edna motored to Banff where they will spend their holidays. Mr. Liesemer returned on Wednesday.

The W. C. T. U. will hold their annual meeting at the home of Mrs. Bender on Thursday, August 5th. It is especially requested that all members be present, also others who are interested in the work.

The Roschud Cafe has again changed hands. It is now in charge of Frank Yee and Harry Wong who state that the present excellent service there will be continued and hope for a fair share of patronage.

Mr. W. Keeley and family were visiting Mr. J. McNeice this week. Mr. Keeley who was formerly accountant in the Union Bank here will be remembered by many in this district. He is now making a success of the grocery business in Carleton Place.

The town electric lights went out on Sunday evening and the town was plunged in darkness. They were on again Monday night however. The trouble was caused through some coils but were repaired on Monday.

The Carstairs Stampede on Wednesday attracted a large number of Didsbury people in the afternoon and quite a few attended the dance in the evening. The Stampede was fairly successful and came up to expectations.

Mr. W. H. Ganong, who lives west of Didsbury, brought in a fine sample of wheat off his land this week. It is well headed out and measures five feet four inches in height. According to present outlook Mr. Ganong's will get about forty bushels to the acre from this crop.

The Didsbury Opera House will be closed during August. Starting the last week of August or the first of September however it will be reopened and several large first class pictures are already booked for the fall season. Advertisement will be made at a later date of the next show.

GRADE XII RESULTS

The following Didsbury students in Grade XII were successful in their final examinations: Mr. Eric Hodgson, Miss Irene Walder, Miss Winnie Moyle, Miss Lois Clouston was con-ditioned on physics.

President Harding who was returned from his tour to Alaska was taken ill with pneumonia pneumonia and forced to stop in San Francisco. His condition was very serious as the pneumonia was followed by bronchial pneumonia. Latest reports claim that he is on the road to recovery now.

tenderest leaves on the tea bush.

The Senate

Periodically the Senate of Canada places its veto on important legislation which has received the approval of the elected representatives of the people sitting in the House of Commons. The exercise of this power of veto only occurs when the political complexion of the majority in the Senate is different to that of the majority in the Commons—a significant fact which would seem to indicate that the majority of Senators are more inclined to play party politics than they are to adopt high and impartial attitude which the Fathers of Confederation designed the Senate should assume as a proper and necessary safeguard to hasty, ill-considered and partisan action of the Commons.

As a rule, the exercise of the veto power by the Senate is followed by an outburst of indignation throughout the country, and a whip is given to the never quite dead demand for reform of the constitution of the Senate, and by extremists for its abolition. People in the mass are, however, long suffering, and these waves of indignation usually die down with nothing in the direction of reform being attempted.

It is too much to hope that the recent action of the Senate in rejecting the whole programme of the Canadian National Railways for branch lines construction will not be so easily and quickly forgotten, but that, on the contrary, a definite, energetic and persistent public demand for reform of the Senate will be inaugurated and carried to a successful conclusion?

The Senate of Canada as at present constituted is about the most undemocratic governmental and legislative body in the world. It is a wholly irresponsible body, absolutely undemocratic, yet possessed of great power which it does not hesitate on occasion to wield in the most senseless and arbitrary manner. Its reform is not a matter of partisan politics, but of national politics in the broadest meaning of that term.

When endeavoring to meet the many objections and solve the great difficulties which stand in the way of reformation more than half a century ago, the Senate was devised in order to provide the smaller and less populous Provinces which some safeguard against unwise and unjust action by the Commons controlled by representatives elected on a basis of population by the larger Provinces. It was therefore provided that, regardless of population, Ontario should have 24 Senators, Quebec 24, and the Maritime Provinces 24, that these Senators must be possessed of certain property qualifications, to assure that they be men of substance and standing in their respective Provinces, and that they be appointed for life in order to remove them from the influence of partisan considerations. And for more than fifty years the constitution of the Senate has remained unchanged except that, with the creation of new Provinces in the West, the territory from and including Manitoba to the Pacific coast was constituted a fourth Senatorial area, each of the four Western Provinces being accorded six Senators.

Despite changing conditions and the growth of democratic government the world over, and notwithstanding that the original reason for so constituting the Senate has passed, nothing has been done to bring the Senate into conformity with present-day sentiment and needs. The powers of the British House of Lords have been restricted in keeping with the growth of democracy, but not so the Senate of Canada. The Provinces of Canada do not need a Senate today to protect them; rather the Provinces now require the introduction of reforms to protect them from an irresponsible and autocratic Senate.

Apart altogether from the issues involved in the recent action of the Senate on the C.N.R. branch line construction project and its treatment of transportation arising out of the report of the Kellogg Commission which investigated the grievances of returned soldiers—important as they unquestionably are—there remains the great principle and the vital national interest to be settled as to whether a body over which the people have absolutely no control shall be continued to defy the expressed wishes and desires of the Canadian electorate.

The question might just as well be faced and settled now before any further damage to Canada's continued progress and welfare is done rather than to again defer it. While admittedly population of a Province should not be the determining factor in Senate representation, it is nevertheless inconceivable that practically one-half of the Dominion, extending from the Great Lakes to the Pacific coast was constituted an entire representation on any equal to that accorded the restricted area of the three small Maritime Provinces, and entreated upon each of the individual Provinces of Ontario and Quebec.

Without assuming to call in question the wisdom of the constitution as drafted in 1867, which probably was wise and necessary at that time, there can be no hesitation in declaring that in this day it is antiquated, obsolete and even dangerous. It should be amended without delay if Canada is to avoid the development of a situation wherein it may be found extremely difficult to find a satisfactory solution without endangering Confederation itself.

After observing the antics of some of the Senators, sometimes a hachette lives long enough to feel sorry for the man who won the monkey seems less ridiculous than the girl with whom he was in love.

"I Had Terrible Backache From Kidney Disease"

Mrs. A. McNeill, Canadian, N.E., writes: "I was troubled for years with terrible backache, resulting from kidney disease. At times in each month I remained in bed, the pain was more than I could stand, and to walk was almost impossible. I used about \$50.00 worth of other medicines, but with little result. Now I am completely better, after using only five boxes of Dr. Chase's Kidney-Liver Pills."

Dr. Chase's Kidney-Liver Pills

One pill a dose, 3 to 4 a box. All dealers, or Edmonson, Bales & Co., Ltd., Toronto

Giant Parachute Invented

New Safety Device Will Lessen Danger For Airplanes

Attention is being directed again to the carrying of parachutes in aeroplanes. It has been stated that if the occupants of the air express which crashed in France recently had had parachutes, the lives of some of them would have been saved, writes an air correspondent.

Types of parachutes are being tested by the Air Ministry, and every new war plane now being produced has provision for parachutes.

Parachutes tested have shown themselves more than 99 per cent. efficient, but the tests are directed to finding a "100 per cent. efficient" parachute.

A new safety idea is being investigated in regard to big commercial air expressers, etc.

Instead of issuing a parachute to each individual traveller it is suggested that in the event of a mishap the passengers should be capable of immediate detachment from the structure of the aeroplane and be to the support of a specially designed parachute of exceptionally large size.

Mr. E. M. Callaghan, the inventor, has produced and submitted to the authorities a device by which, within less than four seconds from the moment when the pilot pulls a lever, the cabin containing his passengers is freed from the machine and is parachuted in safety to the earth.

Sour Stomach Risings

Quickly Relieved

The wonderful comfort and relief you get from every bottle of Serenide will surprise you. Take it in questioned doses. You will find it most effective. Serenide is a powerful remedy for indigestion, flatulence, and all the ailments of the stomach. When taken at regular intervals it keeps the stomach in perfect health, and prevents the occurrence of those distressing symptoms which are so often the result of indigestion. Serenide is a powerful remedy for indigestion, flatulence, and all the ailments of the stomach. When taken at regular intervals it keeps the stomach in perfect health, and prevents the occurrence of those distressing symptoms which are so often the result of indigestion.

Don't Mention It

"I beg your pardon," said the convict as the governor passed his cell.

RED HOT JULY DAYS HARD ON THE BABY

July, the month of aggressive heat, red hot days and sweltering nights, is extremely hard on little ones. During this season, colds and other ailments are very common. Thousands of babies are taken ill every summer. Serenide is a powerful remedy for indigestion, flatulence, and all the ailments of the stomach. When taken at regular intervals it keeps the stomach in perfect health, and prevents the occurrence of those distressing symptoms which are so often the result of indigestion.

SUMMER EXCURSION FARES EAST

ROUND TRIP FARES TO POINTS IN
EASTERN CANADA VIA
C.P.R.

The Canadian Pacific Railway has now on sale, round trip summer excursion fares to points in Eastern Canada. These fares, based on a limit until October 31, 1923, with stopover enroute, and are applicable all rail or via the Canadian Pacific Great Lakes steamers from Port William, Port Arthur to Port McNicoll or Owen Sound on payment of additional charge to cover meals and berth while on the boat.

The trip East via the lakes is delightful to say the least, offering all the comforts of ocean travel with none of its discomforts, the fresh lake breezes will sharpen your appetite to that of your boyhood days, and permit full justice being done to the appetizing meals.

To those preferring travel by train, the Canadian Pacific offer the train, daily, including the fast All Sleeping Car Train the Trans-Canada Limited.

Ask the Canadian Pacific Agent for Illustrated Great Lakes and Trans-Canada literature, and plan your trip now.

Proposed Publicity Campaign to In-

crease Consumption of Fish
Eighty per cent. of Canada's output of fish must find a market outside of the boundaries of the Dominion. It was stated at the annual meeting of the Canadian Fisheries Association held at Montreal recently. To increase the consumption of fish in Canada, it was proposed that a publicity campaign be conducted as soon as possible. The Provincial and Federal Governments will be asked to aid this campaign financially.

Dust Coughs Asthma. Even a little speck too small to see will lead to agonies which no words can describe. The walls of the breathing tubes contract and it seems as if the very life must pass. From this condition Dr. J. L. Kellogg's Asthma Remedy brings the user to perfect rest. It relieves the passages and normal breathing is freely established again. Hundreds of testimonials received annually prove its effectiveness.

The State of Maine got its name from a charter issued in 1522, calling it the "Mayne Land."

WEDNESDAY, AUGUST 1.

LABOR FOR HARVEST FIELDS

It is estimated that between 10,000 and 12,000 men will be needed for the harvest fields in Alberta commencing about August 10 or 12. The labor department of the government, under Walter Smitton, commissioner of labor, is now canvassing all north side sources of supply of such labor. There are thousands of men expected to arrive in Winnipeg on August 7, 18, 18 and 21. Alberta will get a considerable number from these excursions, and it is estimated that 2,000 or 3,000 men can be secured from H. C.

The labor department is making a special appeal to all employers in the province to release as many of their employees as possible for the harvest fields. Men will be needed from August 10 onward, and employers who can release employees, and employ themselves, are asked to register with the nearest government employment bureau, which will see that the hands are placed. It is possible also that high school students will be asked to take a hand in the harvesting.

WOOL CROP IN SOUTH

It is now estimated by the South Alberta Wool Growers' Association, that the clip in the south part of the province will reach a million pounds, and that the average price will be about 28 cents.

FORTUNE WHEELS AT FAIRS

Wheels of fortune and other gambling devices will be barred in future at Alberta Fairs, according to an announcement from the attorney-general's department. Notice to this effect is to be served upon the fair associations at the beginning of the year, in order that there will be plenty of warning for next year's exhibitions.

TOURIST TRAFFIC

Since the opening of the Banff-Windermere road linking up the grand circle tour through the Canadian and American Rockies, there have been 1989 cars over the road, according to a statement from Ottawa, of which nearly 500 were American cars. At the auto camp in Calgary 4500 tourists have been accommodated since July 1st.

BRITISH FORESTRY DELEGATES

A distinguished party of delegates to the British Empire Forestry Conference being held in Ottawa, will visit the province during the latter part of August, reaching Edmonton August 13. The chairman of the Conference is Lord Lovat, and the party to visit Alberta includes men from all parts of the empire. The visitors will be met at Watrous by Premier Greenfield and Hon. Geo. Hendry.

SHIP COUNTRY CARRIERS

The poultry marketing service of the department of agriculture is now being extended to the handling of shipments of poultry from country points to export. The farmers are urged to cooperate in the shipment of their poultry to the marketing service in car lots since there is a considerable saving in transportation charges, and the marketing service is now being extended to all country shipments.

SELLING OF FORMALDEHYDE

While it is provided under federal law that formaldehyde must be sold in containers properly labelled as to strength it is stated that it is quite common for farmers to bring their own containers when purchasing formaldehyde, provided the merchant sees that such containers are labelled similar to the containers from which the formaldehyde is taken, before the purchaser leaves the store. It is often inconvenient for farmers to purchase the material in large quantities. Merchants should keep a supply of labels on hand, in order that containers brought by farmers may be properly labelled.

Here and There

Each acre of corn grown in Ohio is on an average 46.26 hours of labor.

Canada is now second on the list as an export country per capita being \$100.65 per annum.

A new station is being built by the Canadian Pacific Railway at Fredericton at a cost of \$50,000.

Half a million Canadians look to the forests each day for their meals and lodging, and more than 10,000 Canadian workers are engaged in converting forest products into one form or another.

The large party of Hebrideans who were brought to Canada on the Canadian Pacific Steamships "Metagama" and "Marloch" have gone to Red Deer, Alta., where they will form an agricultural colony.

Seven hundred farmers and farm laborers arrived in Canada recently on the Canadian Pacific steamer "Montcalm." These colonists are proceeding to Ontario and western points where they will take up farm work.

The project of a ship canal across Scotland from the Clyde to the Firth of Forth was brought to the fore again at a recent meeting of the Mid-Scotland Ship Canal Association, and there is a possibility of something being started in this connection in the near future.

A single pair of potato bugs would, without check, increase to 60,000,000 in one year. The aphids, developing thirteen generations in a single year would, if unchecked to the end of the twelfth generation, have multiplied to ten sextillions.

Canadian air pilots flew 234,419 miles carrying 9,153 passengers and 77,850 pounds of freight in 1922, according to a report of the Canadian Air Board. Saskatchewan pilots led in the Dominion, carrying 5,822 passengers. Manitoba pilots carried 1,022 people, and British Columbia pilots 1,122.

A company has been formed in London to exploit a treasure in Navarino Bay, off the west coast of Greece. The promoters state that there is a matter of \$45,000,000 in bullion and other forms still at the bottom of the Bay, where it was taken by the united British, French and Russian fleets in 1827.

Last summer 4,000 forest fires cleared away at least ten times as many trees as were cut down for lumber, pulp and paper, and all other industrial purposes. A very large percentage of the fires were caused by careless campers and sportsmen who "thought it would die out" or cast away a lighted match or cigarette end.

Improvement of camping facilities at Banff for automobile tourists is now being made. The Mount Rundle camp site is being improved and enlarged, and will be equipped with all modern appliances. It is expected that as a result of the opening of the Banff-Windermere road this year, the tourist traffic through Banff will be the heaviest ever recorded.

At the annual meeting of the Canadian Pacific Railway, President E. W. Beatty pointed out that prospects for the immigration into Canada of the class of colonists urgently needed to develop the country's natural resources were much brighter than they had been in the past two or three years, and an increased traffic from Great Britain and Northern Europe was indicated by the largely increased western movement on the transcontinental lines during the past year.

Homesteads In Northern Alberta

That Northern Alberta still has a large for the homesteader is evidenced by the increased business which is being handled by the Edmonton Dominion Land Office. During May, 32 homesteads were filed upon, and in addition 13 soldiers' grants were also made. Patents applied for numbered 815,000.

A MOTHER'S HEALTH NEEDS GREAT CARE

Care of Home and Children Often Causes a Breakdown

The woman at home, deep in household duties and the care of motherhood, needs occasional help to keep her in good health. The demands upon a mother's health are many and severe. Her own health crisis and her children's welfare create heavy tolls, while hurried meals, broken rest and much outdoor living tend to weaken her constitution. No wonder that the woman at home is often indisposed through weakness, headaches, backaches and nervousness. Too many women have known to accept these conditions as a part of the lot of motherhood. But many and varied as her health troubles are, the cause is simple, and relief at hand. When well, it is the woman's good blood that keeps her well; when ill she must make her blood rich to renew her health. The nursing mother more than any other woman in the home needs rich blood and a plenty of it. There is one way to get this good blood so necessary to perfect health, and that is through the use of Dr. Williams' Pink Pills. Mrs. W. T. Riley, R.R. No. 1, Apple Hill, Ont., has given the great value of Dr. Williams' Pink Pills to mothers, and tells her story as follows: "Two years ago, after the birth of my first child, I came very weak and run down. Gradually I lost weight and energy until I was unable to do my housework. I could not sleep, my nerves would twitch and jump so that I arose in the morning with heavy aching limbs and head. Medicine helped to make the misery worse, and my heart would palpitate terribly. I tried steadily for a year without getting better, but just dragged along feeling that I could never be well again. But one lucky day, on the advice of a friend, I began treatment with Dr. Williams' Pink Pills. I have taken only six boxes, but I wish you could see the difference. I am now able to do my work, go about and enjoy myself. I feel no longer like a new woman that I advise every weak or ailing woman to try Dr. Williams' Pink Pills and I know they will get beneficial results."

If you are ailing, easily tired or depressed, it is a duty you owe yourself and your family to give Dr. Williams' Pink Pills a fair trial. What this medicine has done for others it will surely do for you. You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

Another way to get on your feet is to use them on the sidewalk, instead of on the clutch and brake pedals.—San Francisco Chronicle.

Water Power Development

Big Saving of Cost is Effectuated Through Water Power in Canada

The water power now developed in Canada represents an investment of over \$520,000,000, according to a report of the Water Power Branch of the Department of the Interior. In 1910, should the rate of growth in installation during the past fifteen years be continued, this investment will have grown to over \$1,100,000,000. This present development represents an annual equivalent of 25,700,000 tons of coal, which valued at \$10 per ton represents \$257,000,000. In the year 1910 these annual figures, with the foregoing assumption, will have become 54,000,000 tons in quantity and \$540,000,000 in value.

Headaches Disappear—Stomach Gains Strength

Whole System Braces Up, Vigor Returns, Appetite Increases

DR. HAMILTON'S PILLS

Household Hints

Valuable Recipes For the Busy Housewife

Times Raisin Pie

- 1 cup San-Maid seed raisins.
- 3 tablespoons butter.
- 2 egg yolks.
- 1 cup dried currants.
- 2 tablespoons lemon juice.
- 1 cup apricot juice.

Sugar to taste

Stew the raisins and currants in the apricot juice. Add the butter, egg yolks, lemon juice and sugar to taste. Put in a shell that has been previously boiled, cover with a meringue made with the whites of the eggs and four tablespoons of sugar.

Cream of Raisins

- 1 tablespoon gelatin, 1/2 cup milk.
- 2 tablespoons cold water, 1/2 cup sugar.
- 1/2 cup chopped San-Maid seed raisins.
- 1/4 cup finely chopped nuts.
- 1 cup hot water, 2 stiffly beaten egg whites.
- 1 cup whipped cream.

Soften gelatin in cold water. Cook raisins and hot water slowly 10 minutes. Mix milk and add sugar and gelatin. Stir until dissolved and add raisins mixture. Chill. When mixture begins to thicken add nuts and egg whites and fold in cream. Mix thoroughly and pour into molds. Serve with yellow sauce.

For Rheumatic Pains.—The pains and aches of Sciatica and Rheumatism should be treated with Dr. Thomas' Electric Oil. The soothing and healing properties of this famous remedy have been demonstrated for fifty years. Use it also for inflammatory pains, cuts, scratches, bruises and sprains, either in human beings or the lower animals.

When Canada Had Slavery

Until 1793 Importation of Slaves Was

Not Forbidden

The following advertisement appeared in a Montreal paper of June 3, 1778: "Bian awoke on the 14th inst., a slave belonging to the widow Duffy Dunsinners aged about 35 years, dressed in striped cotton of the ordinary cut, of tolerable stature. Who ever will bring her back will receive a reward of \$5 and will be repaid any costs. The importation of slaves into Canada was forbidden in 1793. In 1805 there were 112 slaves in the Montreal district. In 1811 the slave trade was forbidden under the Union Jack. In 1823 the last slavery was abolished when the British Government voted \$150,000,000 to buy the slaves in the British West Indies after seven years' further apprenticeship. Gladstone made his first speech in Parliament on this bill, defending the treatment of slaves on his father's West Indian plantation. He favored gradual emancipation.

Disease and Poverty Appear to Go Hand in Hand

Disease and poverty are so closely related that the prevention of disease and sickness would mean the practical elimination of poverty, according to Bailey B. Burritt, General Director of the New York Association for Improving the Condition of the Poor.

"Most poverty," said Mr. Burritt, addressing a general session of the National Conference of Social Work, "now being dealt with by family welfare organizations is inextricably related to families in which illness is a permanent factor. A six months' report of the association indicates that in 3,755 families under care the children and nurses held 5,512 separate health problems which they had to deal with, including tuberculous in 529 families, cardiac problems in 163 families, mental or nervous disease or mental delinquency in 296 families, rickets in 236 families, etc. In a decreasing percentage going to the point on a small application of good old 'Burritt's' and morning. To remove cures, to get entirely free from them, use Pulman's Corn & Wart Extract. It is guaranteed, 25c at all dealers. Refuse a substitute.

CHOLERA INFANTUM A FATAL DISEASE OF CHILDREN

Cholera infantum or summer complaint of children is one of the most dangerous lowest complaints during the summer months. It begins with a profuse diarrhoea, the stomach becomes irritated, very often accompanied by vomiting and purging and the matter excreted from the stomach has a bilious appearance. The child rapidly loses flesh, is soon reduced to emaciation and prostration, and in a great many cases death ensues.

Mothers, if any of your children become sick with cholera infantum do not endanger their health, during their life, by experimenting with some new and untried remedy; get one that has stood the test of time; one that will quickly offset the vomiting, purging and the diarrhoea. This you will find in Dr. Fowler's Extract of Wild Strawberry, a remedy that has been on the market for the past 78 years. Mrs. W. J. Harrison, 19 Elevator Court, Halifax, N.S., writes: "Dr. Fowler's Extract of Wild Strawberry cured the illness of my child when all other remedies failed. It stopped the vomiting and terrible diarrhoea with which they were troubled. I always keep a bottle of it in hand in case of emergencies."

Dr. Fowler's Extract of Wild Strawberry is a sure remedy, put up only by The E. M. Hubbs Co., Limited, Toronto, Ont.

B.C. Eggs For Glasgow

A cartload of 500 cases of eggs have been shipped by the British Columbia Cooperative Poultrymen's Association to Glasgow. This marks the first attempt of the British Columbia shippers to enter the Scottish markets from which a permanent trade is hoped.

Cuticura Heals Rashes

Scalp Itch, Ointment For Itch, Sold Everywhere. Cuticura Soap without soap.

WORLD HAPPENINGS BRIEFLY TOLD

According to the News of the World, Lloyd George will probably visit America at the beginning of October.

The Inter-Parliamentary Association will hold its 21st annual session in Copenhagen next in August.

E. J. Dixon, leader of the Labor group in the Manitoba Legislature, and one of Winnipeg's ten members, has resigned his seat in the House.

The United States Government closed its books for the fiscal year 1923 with a surplus of approximately \$310,000,000.

By the bloodless capture of Gen. Papaleale and his staff of 100 officers, the last resistance of the "Whites" to the Soviet regime has been overcome.

J. W. Bratch, of Moose Jaw, captured premier honors for Marquis wheat, hard spring wheat, white oats, tall rye and flax at the provincial fair at Brandon.

Great Britain offers an unrestricted market for Canadian cattle or the feeder type, in the opinion of Hon. Duncan Marshall, Commissioner of Agriculture, who has just returned from some four months study of the overseas situation.

Ladies Remove Their Corns In A Very Simple Way

No pain, no trouble, costs only a quarter. It is a very simple thing to paint on a small application of good old "Pulman's" and morning.

To remove corns, to get entirely free from them, use Pulman's Corn & Wart Extract. It is guaranteed, 25c at all dealers. Refuse a substitute.

Where He Is Great

"Haven is a great thinker, isn't he?"

"Yes, he thinks he knows it all."

For Both House and Stable.—There is a good deal of similarity, physically speaking, between human beings and the lower animals. Both are subject to many ailments arising from inflammation and to all manner of cuts and bruises.

Dr. Thomas' Electric Oil is an entirely reliable remedy for such ailments and mishaps in both human beings and the lower orders of animals.

One Of Life's Mysteries

We wonder how many of those who put the Bible among their ten favorite books ever open its covers?—Detroit Free Press.

Catarhal Conditions

Catarhal conditions of the eye are usually influenced by constitutional conditions. It is not a disease, but a condition of the eye.

Dr. F. J. Harrison, 19 Elevator Court, Halifax, N.S., writes: "Dr. Fowler's Extract of Wild Strawberry cured the illness of my child when all other remedies failed. It stopped the vomiting and terrible diarrhoea with which they were troubled. I always keep a bottle of it in hand in case of emergencies."

Dr. Fowler's Extract of Wild Strawberry is a sure remedy, put up only by The E. M. Hubbs Co., Limited, Toronto, Ont.

The Hope of the World

Necessity For Friendly Relations Between U.S. and Britain

The world is better off because America and the British commonwealths are in good relations. It is far better off, because there is a United States of America, and because there are states such as England, Scotland, Wales, the Irish Free State, Canada, Australia, New Zealand, with which Americans can trade and visit in all amity. Those who would fawn on Hitler are as contemptible as those who extol for social peace and money or political aid. But those who would, needlessly and for petty ends, put our good relations in jeopardy, fight with such fire as that which lights world wars and wrecks civilizations. For when America and the British commonwealths come to blows, the hope of western civilization and our modern white man institutions will flicker low in its socket.—New Orleans Times-Picayune.

Keep Minard's Liniment in the house

OFFICER COULD HARDLY STAND UP

Arthur Tache, 121 Rachel St., East, Montreal, a well-known politician on a busy traffic thoroughfare, is another who admits the merits of Taché with his personal endorsement.

"My experience with Taché has been of such great satisfaction," said Officer Tache, "that I am glad to see the facts in my case for what they may be worth to others."

"I suffered from rheumatism in my legs during a period of six months, and was in such bad shape that I could hardly stand on my feet."

"A friend told me about Taché and he told me that Taché had been of such great satisfaction," said Officer Tache, "that I am glad to see the facts in my case for what they may be worth to others."

Taché is for sale by all good druggists. Accept no substitute. Over 35 million bottles sold.

Taché Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

Will Effect Oil Refinery

Birth in the ultimate discovery of a commercial oil flow in Southern Alberta is further indicated in the selection of a site of Fortbridge for an oil refinery which is to be established to handle Montana crude oil until there are Southern Alberta producing wells.

ECZEMA

You are not the only one who suffers from this terrible skin disease. It is a common complaint for which there is a simple cure. It is a skin disease which is caused by a lack of proper care of the skin. It is a skin disease which is caused by a lack of proper care of the skin. It is a skin disease which is caused by a lack of proper care of the skin.

A. G. STUDER

What Prohibition Does?

IT VIOLATES the first principals of individual freedom on which the greatest of British institutions has been based.

IT SINKS the drunkard lower still. It thrusts him into the criminal class. It breaks him down, brain and body, with the poison of adulterated liquor sold by mercenary criminals.

IT FILLS the nation with spies and stool pigeons, sewing universal distrust and destroying the honor and the honesty of thousands.

IT MAKES a harvest for the thugs and criminals of the underworld, the purveyors of illicit adulterated liquor at extortionate prices.

IT RUNS counter to the plain reading of the Bible as it was interpreted by all Christians for nearly nineteen hundred years.

IT OPENS wide the door to every form of tyranny and bigotry.

ALBERTA COAL FOR ONTARIO

According to an arrangement made with the Canadian National Railways, a shipment of 4,000 tons of Alberta coal, at a rate of \$1 a ton, will be made to Ontario in the next few weeks, for exhibition and experimental purposes. The shipments will be made from several mines in Alberta, under the authority of the Alberta Government. This arrangement is a result of the conference held some time ago between fuel board officials, Alberta Government officials, railway officials and mine owners. Mr. Howard Stinchbury, trade commissioner of the province, will have charge of the distribution of the coal in Ontario. The object is to demonstrate finally the feasibility of establishing Alberta coal as a suitable Ontario fuel.

FOR SALE:—Registered Yorkshire pigs, born April 11, 1923. Either sex \$15, papers free. W. H. Gannon, Didsbury, Phone R 411. 3p210

Historical Research for The Dominion

Wm. Wehler, Montreal, Marquis of Sligo, Captain E. Griffiths, R.N.R., "Empress of France," Marchioness of Sligo.

AFTER a two-year holiday, completing a mileage of 40,000 miles on Canadian Pacific railway and steamships, the Marquis and Marchioness of Sligo returned to their London home. During their stay in the Western hemisphere, the Irish peer diverted from his main course of travel, visiting all the leading republics of South America and in the latter days of his travel diverted his course to Southern China, where he narrowly escaped by some few minutes being taken by bandits.

Prior to his departure on the S.S. "Empress of France," the distinguished visitor forwarded to the Canadian Government an interesting document found in the Sligo family correspondence, being a letter from the Hon. Henry Browne, who was associated with the capture of Quebec.

For some time past, the Marquis has been occupied in gathering data about his family and the part they played in the history of Canada and the Dominion is to reap the benefit of his research. The Marquis began his researches with the famous picture of the death of Wolfe, by West, and after careful investigation he has succeeded in identifying a number of the individuals who surrounded the general as he lay on the ground. Chief among these in the Louisbourg Grenade which fought on the right of the line in Wolfe's army. In the picture the Lieutenant is shown holding the standard. Later, according to evidence gathered by the Marquis, his ancestor helped to carry the general off the battlefield after he had died.
